THE NEW YORK COMMITTEE PRESENTS ITS
PETITION TO THE PRESENTS ITS
WASHSNOTON, April 17.—The Committee appointed to present to the President a petition signed by about 2,500 bankers, capitalists and merchants of New York, asking him to veto the Senate finance bill, or any other bill tending to inflate the currency, discharged their mission to-day. Besides the Committee, there were present Senators Carpenter Logan, and Ferry, of Michigan. Cyrus W. Field presented the polition. A. A. Low, in his address, said they wanted the veto to avoid what they regard as a most disastrous blow at the credit of the country. He was followed by S. S. Chittenden.

The Presidents herly.

THE PRESIDENTS HEPLY.

The President in reply said he had watched the progress of the bill through Congress with more interest than he had any other measure before that body since he had been President. He had at all times to be entirely free in expressions of his viewe, and was always opposed to expansion without redemption, and in favor of free banking accompanied with such legislation as would carry out the pledges of Congress in the direction of a resumption of specie payments. But he had to look at this matter a little different from the views of this committee. THE PRESIDENTS REPLY. erent from the views of this committee They show very well what they want and may imagine, as he might were he a citizen of New York, that the whole country want what they do. Senator Morton had an interview with the President before the Cabinet meeting
